PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**In this case report, authors describe complications on hyaluronic filler injection. The case is well described and documented. Although case reports not always need approval of Ethic commission, there should be the authors affirmation that the patient gave her written consent to publish her data and images.**	Such written consent has been taken. It is now mentioned in the manuscript.
Minor REVISION comments	Some minor English correction	Corrected to the extend of our knowledge.
Optional/General comments	Well written, well exposed, just missing if patient gave her written consent.	Added in the corrected version.

PART 2:

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)* Yes, the authors did not mention if the patient gave her written consent to publish her data/images.	Stated in the corrected version.
