PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**The presented case is not a new topic. This article will not give any new idea to readers** **The author could give iv-tPA without DWI. It is the waste of time. As it was presented in guidelines CT is enough before ivtpa administration.** **The past history of patient is not clear. There are no information about blood pressure and laboratory results.** **English needs editing. There are a lot of spelling and grammar errors.**	English translation reviewed. The DWI MR image was omitted because it was not clear.
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
