PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments	Minor done in the text	These corrections are valid and have been included in the corrected manuscript.
Optional/General comments	The biological study using experimental animals, the results should confirm using the histopathlogical study on the target organs liver and kidney	These are some of our financial limitations in the study. And may be carried out in further studies thank you.
