SDI Review Form 1.6

Journal Name:	Asian Soil Research Journal
Manuscript Number:	**Ms_ASRJ_44853**
Title of the Manuscript:	**Soil Fertility as influenced by incorporation of K enriched azolla**
Type of the Article	**Original Research Article**

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	1. Rewrite the conclusion. (Add the opportunity, applicability of this type of Research) 2. Indicate no. of Trial, Replication, Time, duration and place of studies.	Incorporated suggestions
Minor REVISION comments	1. SSP and Micro nutrients also enhance the nutrients of Azolla. So if this fertilizers was applied than kindly highlight them and also request the authors to show the interaction effect of this fertilizer in Results and Discussion part.	The study is pertaining to enrichment of Azolla with K only. The SSP and micronutrient fertilizer are not used in this experiment. However, interaction between the concentration and K fertilizer is presented in both results and discussion.
Optional/General comments	Very good research work done by researcher. It can be published after some minor revision.	

PART 2:

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*	Suggestion are considered and updated.
