

Editor's Comment:

The manuscript in general is written in very poor English making it very difficult for the readers to follow. The manuscript should be rewritten with the help of a native English speaker. Some comments related sampling, methodology and interpretation must be done.

They must change the title of the article to become " SPATIAL VARIABILITY OF HEAVY METALS IN SURFACE WATER AND SEDIMENT IN THE KOLO CREEK WATER BODIES IN THE NIGER DELTA OF NIGERIA AND GEOCHEMICAL FACTORS THAT INFLUENCE THEIR INTERACTIONS USING GEO-ACCUMULATION INDEX".

After corrections, I can accept to publish the article.
