

Editor's Comment:

The authors responded well to the reviewers comments, but I noticed that the authors must corrected their manuscripts according to my attached comments.

1- Line 63 " *E-coli* microbial culture was given by my friend", Please don't use the words "my friend", so rearrange this sentence.

2- Add reference numbers to the following:-

Line 89, and 95 by Liu *et al.* 2005

Line 191 . Pradeep *et al.*

Line 250 by Ghaly *et al.*
