

Editor's Comment:

The decision is accept after considering the points as follows:

- 1- Some references in table 1 not mentioned in the final references list , so, please revise them and mention them
- 2- There is some shift in titles and tables 2 and 3
- 3- In results comments parts 3.2 through 3.5 , is the word table equals figure for example

3.2 Total Aerobic Heterotrophic Bacterial Count in the Various Samples

Figure 1 shows the mean total culturable heterotrophic bacterial (TCHB) count of the effluent and receiving the stream of the different abattoirs examined. From the table, the mean total
Where are the tables? parts 3.2 through 3.5
Please, revise them.
