General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> The Languish should be revised. The conclusion should be mentioned in the abstract part. The references should be written in the text in one style (numbers or names of the authors!!). More recent references should be added. 	Ok. I already fix the revision. Thankyou Sorry. for the recent references, i think its a bit difficult to search that. Because there are rarely people who do research about this fish dan this fish only available at this lake so its rare to see recent references about bilih fish processing. thankyou
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	Im sorry i dont get it what the real mean of etchical issues is, but this manuscript have/had been write based on the result of my own research. thankyou
