PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The manuscript deals with a very timely topic. The exposure of the operators to mechanical vibration and noise is a very important aspect of production in agriculture. The paper is ready for publication, just few remarks are missing. Please check numbers given in the manuscript and use the dot to separate the decimals. The reference seems to be mainly related to previous Brazilian works such as the standards cited. It should be useful to use some international reference and to take into account also international standars.	Thanks for the suggestions. Corrections have been made.
Optional/General comments
