General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | Nil | |
| Minor REVISION comments | Nil | |
| Optional/General comments | Well, the review article is better written. It can be accepted in the present format for publication in the journal. Some references may be included containing latest research relevant to the review article. | Recently investigation about fumonisins was limited, but yet exist concerning about the toxic effects of fumonisins in the world (especially in Iran). So it was necessary to remember fumonisins using a review manuscript to refresh this mycotoxin subject. Also, we tried to use the accessible and newest researches for the manuscript. |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|--|
