PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1 The preparation of the watermelon rind powder should be more detailed in 2.2.3. Such as the thickness of the rind when cut from the flesh and relatively humidity of the oven drying. And the basic composition of the powder was also highly welcomed. 2 Why 20% of the watermelon powder was selected? 3 The further investigation of the comparison of the sample from the view of Chemistry was preferred. More discussion is needed. 	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
