General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This paper is needing several revisions; In this paper there are numerous linguistic errors (e.g. agreement of verbs, typing mistakes) that at times make it difficult to follow. I would suggest that it may be useful to engage a professional English language editor following a restructure of the paper. Rewriting of the paper text considered to be essential recommended and supported by several new and recent references should be added in all manuscript that support your work. Please rewrite the aim of work. the ethical approval not reported. Please change the photo you add as most of them with low resolution and why you add a reference with the photo is it take from other paper?? I add many comments included in the text of the paper.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
