Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	<p>Author used descriptive as well as Statistical analysing pattern in this article titled Attachment Styles, Marital Conflicts, Coping Strategies, and Sexual Satisfaction in spouse abused and non- abused women. 'is Excellent.</p> <p>With best of my knowledge, some general points find out and noted below.</p> <ul style="list-style-type: none"> • Author has clearly specified Abstract and other information in universal format. • Abstract means explanation of summarized analytical information in narrow format. But in this article author mentioned introduction, Method, Findings, conclusions etc in abstract with separate side headings. • Author used descriptive analysing pattern for study of the problem. However, author also use some statistical analysis in this article • Article design and analysing pattern is very good. But Between sentences serial No's are given. In final printing please avoid this for digital confusion to readers. • Author should take care about Constructing of paragraphs and sentences. • All recommendations are coming from research study • Sufficient references are included <p>Finally, this article is graded Excellent.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
