

Editor's Comment:

The manuscript is informative and deals with an important as well as actual clinical subject.

However, it was not prepared according to the Instructions for authors.

The list of references has to be rechecked and uniformed.

Most of pronouns should be omitted and the passive voice ore commonly applied.

Editor's Details:

Dr. Franciszek Burdan

Professor, Department of Human Anatomy, Medical University of Lublin, Poland.

And

Department of Radiology, St. John's Cancer Center, Poland.
