Kindly ask the author to polish the manuscript for re submission. I have attached my comments. I also tried to do some corrections but unfortunately, the errors were overwhelming. I have submitted it because I wanted to meet your deadline.

Comment on FAD DIET

Please, I am finding it very difficult to review this manuscript. I think the author should reorganize the text again. In fact, I request that the author exercise a lot of patience in constructing the sentences. The author should do some proof reading before resending them. It is very difficult to follow what the author did.

I made all efforts to do some corrections but the errors are overwhelming.
