**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>1.The objective was not clearly stated "This study seeks to explore any association if any between handedness in the usage of mobile phone in our environment using a modified Edingburgh Handedness Inventory (EHI).[27]"</p> <p>2.Athough the author used " modified Edingburgh Handedness Inventory" it was not mentioned in the section of method</p> <p>3. compared this study to another similar study published in JAMA " Hemispheric Dominance and Cell Phone Use" ,where they enrolled 717 participants so the question if it is the number of participants in this study is small , question hence about the power of the study</p> <p>4.Author did not mentioned the test used for statistical analysis</p> <p>5. P value is not available when doing the comparison (study is not qualified regarding methodology and statistics )</p>	Thanks for your kind review and for all the points made, the necessary corrections have been made. Kindly go through.
