**SDI Review Form 1.6**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p><b>Keywords</b> should be in <i>italics</i>.</p> <p><b>Introduction:</b> A more integrated appraisal of literature on obesity can be added from "Prevalence and associated co-morbidities of body mass index ranges; International Journal of Medicine 12/2015; 3(1):16-21". Effects of obesity can be displayed in a tabular form.</p> <p>Figure 1: Elaborate abbreviations used in it. Add figure legend.</p> <p><b>Discussion:</b> Figures or tables can be used for making the manuscript more presentable.</p> <p><b>References</b> should be written in square brackets as per journal guidelines.</p>	<p>----- Keywords italicized-</p> <p>---- Prescribed journal accessed, areas included and effects of obesity tabulated.</p> <p>----- Abbreviations elaborated, but not too sure if this is what is required.</p> <p>-----My university do discourage the use of excess tables and figures rather than elaborate discussions. So I to an extent cleaved to that concept in most of my publications. However in subsequent papers, I'll not hesitate to do so.</p> <p>References squared and rearranged sequel to the new areas included from the `prevalance and associated co-morbidities of body mass index ranges;</p>
<b>Minor</b> REVISION comments	Typographical and grammatical errors need attention.	Observed typographical and grammatical errors corrected.
<b>Optional/General</b> comments
