**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b><u>Compulsory</u></b> REVISION comments	<p>The manuscript, as I detail in the attached document until page 7 (at least, I have not read the rest of the paper), is a literal copy of papers already published. The author has not even waste time in divide the words. Many words are joined in coincidence with the changes of lines in the mentioned papers.</p> <p>Let me know if you need anything else.</p>	<p>I submitted a work well edited and spaced, i really don't understand how these errors came about. I have re-edited them now though.</p> <p>I have also worked on the other aspect.</p>
