SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>The article is interesting and brings some information relevant to the management of fruit flies.. It is necessary to reduce the introduction. Only the necessary and to justify the job information should be presented in the introduction.</p> <p>There are information that is repeated in the same paragraph. This happens sometimes. Same information repeated differently.</p> <p>In the text, in dialog boxes, I left some revisions. It is important that they be followed to improve understanding of the article.</p> <p>The figures, in the file I received, are very small.</p>	
<u>Minor</u> REVISION comments	<p>Beware of the repetition of ideas.</p> <p>Discuss the results better. Justify peak fly catches in July. Explain why catches have increased throughout the year.</p>	
<u>Optional/General</u> comments
