SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ol style="list-style-type: none"> 1) A review of the text should be performed by the author. There are several grammar errors. Also, same words are written differently throughout the text, for example, "microalgae" and "micro algae", "biodiesel" and "bio-diesel", "photo-bioreactor" and "photobioreactor". 2) In the "Algae ethanol" item, the discussion is poor and the authors must include references. 3) The content between line 143 to line 220 must include references. Also, the manuscript would be more interesting if it mentioned the results of another previous works and compared them. 	
<u>Minor</u> REVISION comments	The legends of the Figures 1 and 2, and Table 1 should be completed in order to contain enough information so the reader can understand them without recurring to information from the text. Also, it is necessary to include references in Table 1.	
<u>Optional/General</u> comments	Table 2 should be explained and cited in the text.
