PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | <ul style="list-style-type: none"> - Rewrite the abstract - Health benefits section: The author should add more information that related the health benefits of Moringa. In particularly, traditional use of this plant to treat the diseases. The diseases that could be treated with this plant should be added in this section. - Therapeutic and pharmacological properties section: This section is optimal for publication, however, the extraction method with several solvents or crude or pure extracts of this plant, and several parts of the plant should added to compare the pharmacological properties in each sub-section. Discussion of this in each sub-section should be added to improve the value of this manuscript. Moreover, the active compounds of this plant extract should also be added and discussed. | |
| Minor REVISION comments | <ul style="list-style-type: none"> - Some pictures should be added in order to give properly understanding such as tree, extracts or active compounds of this extract | |
| Optional/General comments | <ul style="list-style-type: none"> - Please re-check the article format - Please re-check the reference format - Please re-check wording | |
