PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The following should be immediately edited. 1. Abstract: The following statement/expression is very difficult to understand. Please write it more simply. "For the infertility cause variable, the stress levels of those who were the infertile spouse were more than the other groups and the stress of the group whose wife was the infertile spouse was lower than those who were infertile themselves, and those who were still not certain about the cause of infertility" 2. Introduction first paragraph. Too long! Divide it into three appropriately. 3. "What is 1397?" 4. Modify the reference style as appropriately.	
Minor REVISION comments		
Optional/General comments
