

**Editor's Comment:**

Generally, this article can be accepted with a minor revision.

1. Tables 3 and 4 contain some numbers but there are not any units

for them. The authors should clarify them.

2. Chemical formulas of probenecid and colchicine should be written into the text.

**Editor's Details:**

Dr. Baki Hazer

Professor, Department of Aircraft Airframe Engine Maintenance, Kapadokya University, Turkey  
And

Department of Metallurgical and Materials Engineering & Nano Technology Engineering,  
Bülent Ecevit University, Turkey
