

**Editor's Comment:**

Use chemdraw software (same font and size) to draw all the structures clearly

- 2) Thoroughly discuss the figures and tables in the text including the references captioned with them
- 3) Tables formatted in the acceptable publishing format (see attachment)
- 4) Proportionate all tables to fit on the papers
- 5) Provide clear figures in the highest resolution
- 6) My other comments are found in the edited manuscript attached
