

Editor's Comment:

Following evaluation of all documents related to the manuscript I agree with the Reviewers that the manuscript is acceptable for publishing in the Journal of Experimental Agriculture International. However, minor revision is still needed.

- Keywords must be changed, because keywords should not be the same as words already used in a title.
- It should be 'WAT - Weeks after treatment' below Table 2 and 3.
- According to the Journal requirements AUTHORS' CONTRIBUTIONS should be added.

My decision is: Accept after minor revision.
