

**Editorial Decision:**

- 1- The storage conditions e.g. room temperature, humidity should be indicated.
- 2- As recommended by the reviewer the experimental design for the experiment should be mentioned.
- 3- The Figures should be in black and white and all Figures should have a separate key.
- 4- There is no need to write the number between brackets when it was written in words.

**Author's Feedback:**

- 1- The storage condition which is room temperature has been indicated.
- 2- Done
- 3- Corrected
- 4- Corrected
