

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

Journal Name:	<a href="#">Asian Food Science Journal</a>
Manuscript Number:	Ms_AFSJ_48305
Title of the Manuscript:	THE EFFECT OF PROCESSING ON ASCORBIC ACID AND DEHYDROASCORBIC ACID IN DIFFERENT VARIETIES OF YAM (DIOSCOREA ROTUNDATA, D. CAYENENSIS)
Type of Article:	Original Research Article

**PART 2:**

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<ul style="list-style-type: none"> <li>- Still need improve the Introduction (Vitamin C is an important part of yam tuber, it occurs in quantities large enough to make major contribution to human nutrition in areas where yam are intensively consumed).this is not improve. When we need improve introduction it means adding new and updated parts to serves the subject of your search.</li> <li>- The objectives of the study at the end of the Introduction section must be clearer and more specific.</li> <li>- References should be updated not more than 10 years. Only you deleted old references. We need new research supports your search. For example you put statically analysis and prepare of yam without references.</li> <li>- Improve the discussion with connection with the literature data and the manuscript objectives.</li> </ul>	<p><b>There are old references that are relevant and it must be stated in the research article.</b></p>
