EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>This manuscript neglect the rules of citations and references. I have checked the in-text citations and the list of references and found many discrepancies. I attach the file where mismatches and errors are highlighted in red. Many in-text citations do not have corresponding sources in the references list. Some of the references are not referred to in the text. There are many mistakes in formatting the references and in-text citations. The author must carefully check it.</p>	<p>done</p>
