Compulsory REVISION comments	The paper is too long. If the authors wish to have the readers benefit from the contents, they should break up the paper into different articles. Each of the sub-heading presentation would form a separate paper with clear focus to enable readers to benefit from the contents. As it is nor many readers would read from beginning to the end.	Thank you for your feedback. Your remarks have been taken into consideration and some parts of the paper have been eliminated, as we could not break it into parts.
Minor REVISION comments	Grammar and spellings need attention. Presentation of one theme at a time would benefit the readers more than it is.	Revisions have been made accordingly.
