(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	For Ms AJPCB 48947 some minor revisions are required: - The tables presented must be formatted and reordered, the legend is missing. - The sample was analyzed globally, does not take into account the differences in the effects of parasitemia in the different trimesters of pregnancy. - iron deficiency and anemic status is increasingly evident in the first trimester, the authors did not consider it. - age differences in pregnant women were not considered - there are different fonts and typos in the text. - the bibliography can be supplemented with more recent references	We have amend the correction as suggested by the reviewer Correction made
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
