

SDI Review Form 1.6

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_48807
Title of the Manuscript:	Activity coefficient of solution components and salts as special osmolyte from Kirkwood-Buff theoretical perspective
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>1. Background is too long. I consider authors should summarize the most important aspects.</p> <p>2. Table 3 is not clear, and its results do not correspond to discussion in less 549-551, unless authors were more specific and clear in this discussion. Same for Table 5 and its discussion.</p>	Thank you. The background, abstract section, has its number of words reduced. Issues regarding Tables 3 and 5 have been addressed. The publisher requires a maximum of 300 words.
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
