

SDI EDITORIAL COMMENTS FORM

EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<ol style="list-style-type: none">1. The Authors must amend ALL the typos (e.g. the correct spelling for the scientific name of the plant is <i>Ribes nigrum</i> (separated, and italicized).2. Another crucial point: <i>Ribes nigrum</i> (English name: black currant), which develops in temperate/fresh climates, and CANNOT GROW in Nigeria.3. The Authors should explain in detail the origin of the fruit they have analyzed, or alternatively re-classify correctly them...	<p>This has been done</p> <p>It is true that <i>Ribes nigrum</i> develops in temperate climates. However, the climate in Jos, plateau state, Nigeria is suitable for the growth of <i>Ribes nigrum</i> and it indeed grows there and even in some parts of Abuja, Nigeria.</p> <p>As stated above, The black currant fruits used for this research were indeed gotten from Jos, Plateau state, Nigeria because the climate there supports its growth. We have its picture and even its local name by which it is generally known.</p>
