

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_49035
Title of the Manuscript:	ANTIMICROBIAL ACTIVITY OF SILVER NANOPARTICLES SYNTHESIZED USING GOAT MILK AGAINST PATHOGENS OF SELECTED VEGETABLES
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The corrections have been pointed out in the text using track changes. The authors should effect all the corrections.</p> <p>The XRD pattern is full of noise. Difficult to identify the peaks. I suggest a slow scan for better results.</p> <p>Recent references on the green synthesis of silver nanoparticles should be cited. For example the work of Ashishie et al., 2018 International Journal of Physical Sciences Vol. 13(3), pp. 24-32, DOI: 10.5897/IJPS2017.4689</p>	<p>Aims and objectives collapsed into the abstract and all reviewers correction effected on the abstract</p> <p>Added recent reference Ashishie et al., 2018</p> <p>All revision effected.</p>
Minor REVISION comments	<p>The abstract is a brief summary of the work in one paragraph. The aim and research design and methodology should not be subheadings in abstract. This should be corrected in line with the Journal guidelines to authors.</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
