General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page/sdi-general-editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Reduce the introduction kind of words (sentences) from the abstract, 423 words are so much to know about the crisp of a paper.</p> <p>Page 2: "This article was specifically designed...", I think this should be "This article is specifically designed...". Likewise go through the manuscript and try to use present tense. "The objective of the study was...".</p> <p>Conclusion section does not have any number, those are listed in abstract. It will be interesting conclusion has some bullets-points from abstract and test of the manuscript.</p> <p>Whaere is Rusizi park, in Bujumbura?</p>	<p>Thank you for all the suggestions. They are very relevant and we will revise accordingly</p> <p>Rusizi national Park is located in Burundi, at 12 km far from the Capital City Bujumbura, at the border with D.R of Congo</p>
Minor REVISION comments		
Optional/General comments	A well written manuscript.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
