**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>1. Please re-write the abstract , the way is written now is more of detailed case report ; however that should be in the case section Abstract should summarize the hypothesis behind this approach of therapy , very small summary about the case and conclude with the outcome and your recommendation</p> <p>2. English language editing 3. Pathology picture</p>	<p><b>We duly rewrote the abstract entirely, and adopt the headings as recommended by the reviewer (line 5, page 1 to line 24, page 2).</b></p> <p>We edited the English language entirely (highlighted in green).</p> <p>We entirely agree with the reviewer. Unfortunately, a histopathological picture is not in our possession.</p>
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
