

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Advances in Mathematics and Computer Science
Manuscript Number:	Ms_JAMCS_46074
Title of the Manuscript:	PENALTY ALGORITHM BAESD ON THREE-TERM CONJUGATE GRADIENT METHOD FOR UNCONSTRAINED OPTIMIZATION PORTFOLIO MANAGEMENT PROBLEM
New Title of the Manuscript:	PENALTY ALGORITHM BASED ON THREE-TERM CONJUGATE GRADIENT METHOD FOR UNCONSTRAINED OPTIMIZATION PORTFOLIO MANAGEMENT PROBLEMS
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The paper has been revised accordingly. Can improve on the turn it in report for better improvement (Currently originality report at 63%).</p> <p>Authors are suggested to cite Misiran, M. (2016), maximum likelihood estimation with dynamic measurement errors and application to interest rate modelling, International Journal of Pure and Applied Mathematics, 11(3), 433-446 for reference of the application interest.</p>	<p>I really appreciate the reviewers of this manuscript for good job done and to the editorial body of this journal for their urgent response and assistant from inception to this final stage.Thank you.</p>
