

SDI Review Form 1.6

Journal Name:	Journal of Advances in Mathematics and Computer Science
Manuscript Number:	Ms_JAMCS_48879
Title of the Manuscript:	Geometrical Properties and exact solutions of Three (3+1)-dimensional nonlinear evolution equations in Mathematical Physics using different expansion methods
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	<p>Authors introduced different methods to find exact solutions. Also, they obtained another solutions via effective methods. Milestone of this study is applications of mathematical physics. Manuscript is deducible and fluent. Language and design are fine. Calculations are true and interesting. Figures and references are enough for this study.</p> <p>In this context, I recommend that this manuscript can be accepted for possible publication in the present form.</p>	Thank you for your encouragement

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
