General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Abstract Aim: Please separate the study design from the aim. Methodology: Please write 'methodology' in place of 'method of data collection' Use the journal format for writing abstract- Aim, study design, study place and duration, methodology, results and conclusion. Methodology: Please write 'methodology' in place of 'research method' Results: Please state the number of questionnaire analyzed, the age range of the subjects, their mean age and standard deviation.	The term methodology is the study of methods while research method is describing the method used in carrying out a research. If methodology is the accepted term for the Journal please change it. The other correction have been made.
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
