EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>The author did not answer to the questions (please see under) from one of reviewers. Please answer to the questions.</p> <p>5. There must be a comparison between the previous work and work search 6. The conclusion unclear please rewrite conclusion 7. Research needs to be more modern references</p> <p>The paper is just an introduction of Kingview. As a research paper, please summarize and compare difference and advantages among Kingview and other systems. The author can show the merits of using Kingview in actual operations.</p>	<p>My answers are as followed:</p> <p>5. In this work, a PLC-based sewage treatment system was designed in the previous work. Although the system is a complete sewage treatment process, it does not realize the real simulation process. Therefore, this paper designed a sewage treatment monitoring system based on Kingview.</p> <p>6. The conclusion has already rewritten.</p> <p>7. References have been added.</p> <p>Kingview has the advantages of strong adaptability, good openness, easy expansion, economy, and short development cycle.</p>
