PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	No	
Minor REVISION comments	Does one's caste play a role in determining his/her cognitive ability? If yes, any literature to support this claim? If not, do you need this section?	
Optional/General comments	It is a very interesting and useful research. Researcher has discussed well especially the methodology section. As educators and researchers, we do not want to inculcate inferiority complex in a child or any students. Therefore, the caste section should be included **ONLY** if there is any evidence to show that it affects a child's cognitive.
