Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	-What is PLT in table 3? -Is total protein significantly affected? If so then check you statement in line 75 -Rephrase the sentence 'were poorly affected and showed low significant decrease' - to "the values decreased but not statistically significant"	
<b>Minor</b> REVISION comments	Line 20: Remove 'are' and 'your' (your brain) 22: change 'after you take it' to 'after it is taken' 55: rephrase the phrase 'ions levels in was' 67: remove 'were' in the phrase 'were appeared' 70, 71: add 'significantly' after "Increased" 73, 74: remove the brackets '(p<0.0001)'	
<b>Optional/General</b> comments	The author seem to have problems with English Language. There is need to correct a lot of capitalisation error. Some names are started with small letters and some abbreviations are also not in capital letters. These needs to be corrected	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

**Reviewer Details:**
