PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	This paper examines several content based image retrieval methods and conducts a very good comparison of these methods and their properties. As a paper it is very well written and has a good explanation of the methods proposed in the paper. The paper is a typical very good introductory scientific study or literature review or a report styled paper. The authors could improve the paper by adding a Discussion part before the conclusion and also by adding more work to the conclusion if they wish to do so!	
Minor REVISION comments		
Optional/General comments
