PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Good and relatively innovative short article fit for publication by BJI. However, some modifications and additions need to be done on the paper before it can be considered for publication.</p> <p>The findings of the article need to be discussed. Considering this is not the first study of its kind in the world, it is necessary to discuss the findings of the paper. This should be done in a comparative fashion i.e comparing and contrasting the present findings with the findings of other authors who have conducted similar research. A proper discussion of the findings will give the paper more scientific robustness.</p>	
Minor REVISION comments		
Optional/General comments	Good short article very much fit for publication by BJI. However the aforementioned comment and evaluation should be incorporated in the paper before it is considered for publication.
