

**SDI Review Form 1.6**

Journal Name:	<a href="#">European Journal of Medicinal Plants</a>
Manuscript Number:	Ms_EJMP_48966
Title of the Manuscript:	Determination of Minerals, Total Phenolic Content, Flavonoids, Antioxidant and Antimicrobial Activities of sweet Lupinus Angustifolius Ethanolic Extract in Palestine
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>Line 159: Please provide more references to support your findings.</p> <p>Lines 168-169: "(...) since the efficiency of ethanol extraction from plant material is greater and environmentally friendly when using ethanol-water system than methanol-water"</p> <p>Please rephrase.</p> <p>In the sections 3.5 and 3.6, the authors should compare their results with one or two more researches.</p> <p>In all the results, standard deviations and statistical analysis should be included.</p> <p>In all the manuscript, replace "alcohol" by "ethanol".</p> <p>The authors should include, if possible, photographs of the produced extracts.</p>	
<b>Minor</b> REVISION comments	<p>Line 24: Please double check the name of the subfamily. I think the authors meant "Papilionoideae" instead of "Papilionioideae".</p> <p>Lines 141-147: Please provide more references to support your findings.</p> <p>Lines 150-151: Please rewrite the second part of the first sentence "(...) until it reaches 70% ethanol, where the maximum content is observed".</p>	
<b>Optional/General</b> comments	<p>The manuscript is very clear and well-written.</p> <p>I recommend its publication in the "European Journal of Medicinal Plants" as "Short Research Article" and encourage the authors to continue their research.</p>
