

SDI Review Form 1.6

Journal Name:	International Journal of Pathogen Research
Manuscript Number:	Ms_IJPR_44048
Title of the Manuscript:	Comparative Evaluation of Combinations of Extracts of Euphorbia abyssinica and Coleus species for Antifungal Effects
Type of the Article	Original research paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sd-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Reference no should be added to the line between 37 and 48. Herbarium specimen numbers should be mentioned.	
Minor REVISION comments	Brief introduction should be included in the abstract section. Grammar should be rechecked throughout the article. Space should be maintained between words and units. Eg.: 3 hours / 20 ml/ 5 mg/ml Figures size should be minimised. Figure title should be written in centre. Discussion part should be re set-up from line 323 to 327 and 328. Conclusion font size and space set up should be checked. The paragraph between line 422 & 424 not necessary. Can be deleted.	
Optional/General comments	Figures (Photos) related to the plants species should be included in appendix for clear knowledge.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
