Type of the Article	

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	A very important and relevant study. Did the authors assess the storage conditions of drugs and vaccine? Were they according to standard recommendations especially where there are no Pharmacists? This is very important as storage conditions determines the potency of drugs or vaccines given to patients. If the study captured this information on storage, i recommend you include details of this in your write up.	
<b>Minor</b> REVISION comments	The tables were poorly presented. Review the format for Tables 1 and 2. Present your values and figures in percentages so that it could make sense at a glance. Check the entire manuscript for spelling corrections e.g 1. Line 53 the phrase Nigeria constitution should be Nigerian constitution. 2. Line 214 the word 'Intensions' should be Intentions. 3. Line 222 the word enrolees should be enrollees. 4. The last sentence in line 265 was left hanging i.e These are to.....?	
<b>Optional/General</b> comments	Good study.	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
