

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Research Journal of Gastroenterology and Hepatology
Manuscript Number:	Ms_IRJGH_48092
Title of the Manuscript:	The Potency of Bombax costatum Stem-bark Extract As a Hepato-curative Agent On Acetaminophen Induced Hepato Toxicity In Wistar Albino Rats
Type of Article:	

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>All the analyzed biochemical parameters were not listed in 2.11.</p> <p>Revisit 2.3, give a detailed approach and step. This is the most important part of the study. It requires details for reproducibility of the study.</p> <p>The referencing style in the body of the manuscript has not been completely corrected. Go through and correct them.</p> <p>The places highlighted in red are to be verified and possible correct or provide more information. Regarding those in the table, wrong alphabets were used for them while do not have. Fix them.</p> <p>Implement the corrected one in yellow.</p> <p>I am only doing a review however i have interest in quality assurance of paper. The study apparently revealed haema-improvement.</p> <p>The solvent used to be added to the title.</p>
