

SDI Review Form 1.6

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_46842
Title of the Manuscript:	PRODUCTION OF BIOETHANOL FROM SELECTED LIGNOCELLULOSIC AGROWASTES
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	While I appreciate the care with which it was carried out, I have several limitations. Reference and writing may be improved. Based on mass balance (containing byproducts), its yield (based on theoretical efficiency) may be rechecked and evaluated. In addition, both scale-up and optimization may be considered. Furthermore, compared with previous ones, the difference of hydrolytic performance may be meaningful. Lastly, as compared to well-known fungal pre-treatment systems (for bioethanol), both potential and practical value may be checked.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
