

**SDI Review Form 1.6**

|                          |                                                           |
|--------------------------|-----------------------------------------------------------|
| Journal Name:            | Journal of Advances in Mathematics and Computer Science   |
| Manuscript Number:       | Ms_JAMCS_48379                                            |
| Title of the Manuscript: | KREIGER GRAPHS AND FISCHER COVERS VS DYNAMICAL PROPERTIES |
| Type of the Article      | Original research article                                 |

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

|                                     | Reviewer's comment                                                                                                         | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Compulsory</b> REVISION comments |                                                                                                                            |                                                                                                                                                                               |
| <b>Minor</b> REVISION comments      | First line in the abstract: Check the sentence very well "remove the word THAT"                                            |                                                                                                                                                                               |
| <b>Optional/General</b> comments    | The elements of G though used as "e" in the text but was not specifically defined in "edge shift" under sofic, any reason? |                                                                                                                                                                               |

**PART 2:**

|                                              | Reviewer's comment                                                    | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|----------------------------------------------|-----------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) |                                                                                                                                                                               |

**Reviewer Details:**
