PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article entitled, "Genotype-by-environment interaction and stability analysis in grain yield of improved tef (<i>Eragrostis tef</i>) varieties evaluated in Ethiopia". The manuscript results are well presented and discussed properly. Manuscript is useful for journal readers globally. This article may be accepted for publication after minor revision. 1. Keywords should be minimum five meaningful and alphabetically arranged. 2. Follow the preparation of manuscript and reference according to journal pattern. 3. Some typographical errors should be corrected. 4. See other corrections in the attached manuscript file	
Minor REVISION comments	The article entitled, "Genotype-by-environment interaction and stability analysis in grain yield of improved tef (<i>Eragrostis tef</i>) varieties evaluated in Ethiopia". The manuscript results are well presented and discussed properly. Manuscript is useful for journal readers globally. This article may be accepted for publication after minor revision. 1. Keywords should be minimum five meaningful and alphabetically arranged. 2. Follow the preparation of manuscript and reference according to journal pattern. 3. Some typographical errors should be corrected. 4. See other corrections in the attached manuscript file	
Optional/General comments	The article entitled, "Genotype-by-environment interaction and stability analysis in grain yield of improved tef (<i>Eragrostis tef</i>) varieties evaluated in Ethiopia". The manuscript results are well presented and discussed properly. Manuscript is useful for journal readers globally. This article may be accepted for publication after minor revision. 1. Keywords should be minimum five meaningful and alphabetically arranged. 2. Follow the preparation of manuscript and reference according to journal pattern. 3. Some typographical errors should be corrected. 4. See other corrections in the attached manuscript file	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
